## **CapStar's Pocket PassPort Brings Mobile Banking to Customers**

**NASHVILLE, TN – July 25, 2012.** CapStar Bank debuts mobile banking via iPhones and Android cell phones. Beginning July 25, Internet banking access will be accessible for checking account balances, transferring funds between CapStar accounts and paying bills, all from smart phones. Cell phone internet browsers will allow consumers to navigate to the mobile banking website, **m.capstarbank.com**, or to download the Pocket PassPort app to the Droid. The Pocket PassPort iPhone app will be available at the end of August.

## **PAGE TWO: CapStar's Pocket PassPort Debuts Mobile Banking on July 25**

The app for the Android device will be available from the Google Play Store; the iPhone app will be available from the Apple iTunes App Store at the end of August. The apps will allow customers to pay bills, check balances and transfer funds between CapStar accounts. The Droid and iPhone apps will also allow consumers to deposit checks into their CapStar checking accounts. Deposits using the Droid and iPhone apps may not be made to business accounts, money market accounts or savings accounts. The daily deposit limit for deposits made with the Droid or iPhone app will be \$3,000.00 per day.

**For assistance with CapStar Bank's Pocket PassPort mobile banking please call 1-877-258-5268.**

CapStar Bank opened on July 14 2008. CapStar is completing the final steps in the acquisition of American Security Bank & Trust. The acquisition will bring the number of CapStar offices in Middle Tennessee to five. CapStar provides a wide range of deposit services and treasury management products, as well as a powerful technology platform, for small and mid-size businesses and consumers. CapStar experienced the greatest percentage of asset growth for all Tennessee banks in 2011, according to FDIC reports.
