*Branch Upgrades to Full-Service*

**(NASHVILLE, Tenn.) April 2, 2009** – CapStar Bank’s Brentwood branch hosted a ribbon-cutting ceremony today to commemorate its upgrade to a full-service branch. The branch first opened in August 2008 as a loan and deposit production office.

Located in Maryland Farms’ Gateway II building (5500 Maryland Way, Suite 130), the branch is CapStar’s second location and is convenient to residents in both Williamson and Davidson counties. The corporate office and main branch which opened July 14, 2008 are located on the ninth floor of 201 Fourth Avenue North in downtown Nashville, site of the original Maxwell House Hotel.

“We are pleased to open the Brentwood branch,” said Claire W. Tucker, bank president and chief executive officer. “With the increased pressure on financial institutions, there are advantages to banking where decisions are made locally. CapStar’s team of approachable bankers is equipped to respond quickly to our customers’ needs and has strong ties to the local community.”

Stacie Petring, vice president and branch manager added, “The Brentwood branch is committed to being the best bank in Williamson County. Our knowledgeable team looks forward to building relationships with our customers and helping them achieve their financial goals.”

CapStar also provides customers with a state-of-the-art Internet banking package as well as Remote Image Deposit technology, which allows customers to conveniently, securely and cost effectively make deposits from their place of business.

CapStar Bank raised \$88 million in start-up capital, which is believed to make it the highest capitalized start-up bank in Tennessee history. CapStar focuses on the areas of small to middle market businesses, commercial real estate and private banking. A branch location is planned to open in Green Hills later this month.
