

CapStar Bank is excited to announce mobile banking with our newest product, Pocket PassPort! Starting July 25th you can use your user id and password from Passport Internet Banking to check account balances, transfer funds between CapStar accounts and pay bills, all from your smart phone. Use your phone's internet browser to navigate to the mobile banking site, m.capstarbank.com, or download the Pocket PassPort app to your Droid. The Pocket PassPort iPhone app will be available the end of August.

## Mobile Web

## m.capstarbank.com

CapStar Bank's mobile web will allow you to view your accounts, pay bills, and transfer funds between your CapStar accounts. The Find ATM/Branch feature will show you where the nearest CapStar Bank office is located.

## Droid and iPhone apps

Download the **Pocket PassPort** app to your Android device from the Google Play Store; the **Pocket PassPort** app for the iPhone will be available from the Apple iTunes App Store the end of August. Use the **Pocket PassPort** apps to pay a bill, check your balance and transfer funds between your CapStar accounts. You can also use the Droid and iPhone **Pocket PassPort** apps to deposit checks into your CapStar checking account. Deposits made using the Droid and iPhone apps may not be made to business accounts, money market accounts, or savings accounts. The daily deposit limit for deposits made with the Droid or iPhone **Pocket PassPort** app is \$3,000.00 per day.

For assistance using CapStar Bank's Pocket PassPort mobile banking please call 1-877-258-5268.
